Hrodr is a powerfully man of early middle age, with a handsome face and easy charm. Having moved between human settlements and the wilds of chaos for two decades and more, he can portray a number of personae: Wandering Humakti Mercenary, Retired Explorer of the Clanking Ruin, even a traveling swordmage of Lhankor Mhy. He enjoys the challenge of the masquerade as much as he does the inevitable betrayal, and has enemies among men and the creatures of chaos. He carries a spotless longsword and a heavy dagger, wears a battered cuirass and plate arm harness on his right arm, constructed to match stylistically with the artificial left arm, such that many assume both limbs are armored identically. Because of the magical gem that empowers the chaotic arm, he will always detect as Magic.
